

Sponsorship Opportunity

Founded in July of 2015 by Dave Crabill, Bobby Kurtz and Darren Newton the EHL is the most fun you can have on ice with your family watching!

From 4 to 6 to 8 teams over the years, we have big plans for the 2019/20 season. You can be a part of our growth!

Why Market to Hockey Players?

- Disposable Income: hockey is expensive
- Self Employed or Professional Typically
- Loyal To Sponsors
- Active Online

We are offering a unique sponsorship package to a select group of businesses.

We estimate that there are over 700 hockey players in Genesee and Lapeer Counties. We communicate with 455 of them on a regular basis and many are engaged in our Sunday league or weekly practices. Ice hockey is an expensive sport and sponsorship helps make it all come together.

What makes our league stand out is the organization, passion, and technology that we use to make it all happen.

This is a unique group of guys who have a passion for hockey and buy into our technology and system. Don't take my word for it, here is a quote from a player:

"Dave has put together a men's recreational ice hockey league this past season (Eclectic Hockey League 2015/16) that is the best-organized league that I have been involved in since playing youth hockey 39 years ago!" Mark Hochkins, CMM

Your organization was selected to be involved with the fun as we grow!

The team fee will stay the same again for 2019/20 season at \$5,000 per team. The cost for a good set of jerseys and socks can run up to \$1,300. With modern dye sublimation printing, we can design a custom jersey with your unique message to promote your business.

Beyond just the hockey, we have begun merchandising. Players check in at a league table each week and we offer them league T-shirts and more!

Check out the many ways your business can be top of mind with our players.
